

Answer Publications of the Roanoke Baptist Church, Roanoke, Indiana, was founded by Pastor James Bachman in the early 1980s for the purpose of helping other fundamental Baptist churches fulfill the great commission.

Though slow in its beginning, God has now allowed it to produce material used by churches in all 50 states and over 50 foreign countries.

Answer Publications is committed to excellent quality, fundamental standards, and the King James Bible. We believe in doing things through God's power and for His glory.

We try to provide high quality products at a low margin of profit. We want not only to stay in operation, but to keep developing new and helpful material for other churches that are serious about growing and reaching the world for Christ.
